

IT, Science and Engineering Fair Exhibitors 2015

We are a science-led global healthcare company that researches and develops innovative Pharmaceuticals, Vaccines and Consumer Healthcare products to help millions of people do more, feel better and live longer.

Our commercial success depends on creating innovative products and making these accessible to as many people who need them as possible, with a significant commercial presence in more than 150 markets.

Research is fundamental to our business success: in 2014 we spent £3.5 billion in R&D. We are one of the few healthcare companies researching medicines and vaccines for the World Health Organisation's 3 priority diseases - HIV/AIDS, tuberculosis and malaria.

Your career is just that; yours. You choose it. You live it. You make it happen. To get the best from it, you need the best opportunities. That's why opportunities are at the heart of a career with us. Opportunities to grow as an individual, to build lasting relationships and make an impact in a place where people, quality and value mean everything. For Omar, this means enjoying the variety of both audit and advisory client work, while balancing the challenges of studying as well. He's making the most of our exam support and study leave to give him the best opportunity to become a qualified accountant. Join PwC - we're focused on helping you reach your full potential.
