## Submitting an Application

Before submitting an application for accommodation, you should take a look at the different types of accommodation available and decide what you would like to apply for. There are several different room types situated across a range of halls sites, and when you apply you will be asked to choose between three and five preferences.

You can find out more about our halls on the [accommodation site](#).

### **Different types of rooms include:**

Part catered/ self-catered: Whether you would like to cook for yourself or have some meals provided

Room type: These range from non-ensuite or ensuite single rooms to self-contained flats

Contract duration: Whether you require a short, standard or long contract

Halls complex: Which of our halls sites you would like to apply for

**When your application is considered, every effort is made to allocate you according to your preferences. The allocations are dependent on room availability, so we cannot guarantee that you will receive your top preferences- this is why we will ask for up to five choices.**

You can submit a new application by selecting the “apply” button on the home page, or “new application” in the top right hand corner.

You will then need to select a few options which will determine what type of application you are making:

**Academic Session:** This is the academic year that you are applying for, for example 2019-20 or 2020-21.

### Application Type:

*New students* are students who are going into the first year of their course.

*Returning students* are students who are either repeating a year, or going into their second or third year of study.

*Visiting/ exchange students* include Erasmus students, or students who only require accommodation for one semester.

**Course Type:** This determines what type of course you are studying, for example undergraduate or postgraduate.

Families and couples can apply for one or two bedroom flats.

**Pathway:** This is when you select where you would like to live, based on where you will study. There are options available for undergraduate students who would like to be allocated in a postgraduate area, for example mature students. This option is provided as lifestyle choices can be different.

The screenshot displays a web application interface with a dark blue header containing links for 'Home', 'New Application', and 'Dashboard'. Below the header is a progress bar with four steps: '1 Session', '2 Application Type', '3 Course Type', and '4 Pathway'. The '4 Pathway' step is highlighted in teal. Below the progress bar are four blue rectangular buttons with rounded corners. The first button is labeled 'Southampton' and 'My course is in Southampton', with a mouse cursor hovering over it. The second button is labeled 'Winchester' and 'My course is in Winchester'. The third button is labeled 'Southampton (PG area)' and 'My course is in Southampton and I'd like to live in a postgraduate area'. The fourth button is labeled 'Winchester (PG area)' and 'My course is in Winchester and I'd like to live in a postgraduate area'.

The system will then show you the accommodation available based on the information provided. This will include available contract lengths as well as different room types and prices, divided by halls site. You can filter the results by contract length, room type, catering and pricing using the menu on the left of the screen.

Your preferences are listed from top to bottom- so your first choice should be at the top of the list. You can use the summary screen to review your preferences, and move them up and down.

When you are satisfied with your preferences, select “next”. The following screen will ask you to state any special circumstances, including:

**Mixed or single gender accommodation:** If you require single gender accommodation, this will be prioritised over other preferences you have expressed such as room type.

**Disability or health condition:** Please indicate whether you have a condition which will affect your allocation.

**Quieter lifestyle:** If you tick this box we will try to place you with other students who have said they consider themselves to have a quieter lifestyle. However, we cannot guarantee that the accommodation will be quiet at all times as communal living will always involve some noise.

**Show flats:** These are rooms which will be used to give prospective students an opportunity to see student accommodation. Residents in show flats will receive a small payment for any visits that take place. You can find out more information on [our website](#).

**Alcohol free:** If you tick yes to this question we will try to place you in an “alcohol free” flat. By requesting this preference it means that you and your guests agree not to consume or store alcohol within the flat at any time during your occupancy. Please note that whilst every effort will be made to facilitate this preference, we cannot guarantee that you will be placed in an alcohol free area. Further information can be found here: <https://www.southampton.ac.uk/uni-life/accommodation/faq.page#Alcoholfree>

There is also a “**notes**” section on this page, where you can write anything else you would like to be taken into account as part of your application. If you have indicated that you have a disability or health condition, please provide further information in this box. You should also contact the [Enabling Service](#), as we will liaise directly with this team regarding room allocations.
