

Royal Navy Undergraduate Engineering Experience 2009

Why should your students attend this exciting event!

Please invite your students to express interest by emailing for an application form now!

Limited to 40 places!

"....the RNUEE gives a very exciting overview of what it is like to work for the Royal Navy as an engineer"

"....an enjoyable way to improve your C.V. and find out what a Navy Officer is expected to do"

The Event:

- An exciting residential engineering experience hosted by the Royal Navy!
- Opportunity to learn about running large scale engineering projects
- Something spectacular to put on your CV
- ***... it's FREE, the RN will provide accommodation and travel expenses will be reimbursed***

Why do it?

- Fantastic experience for engineering students and loads of fun!
- If you're interested in a career in the Navy, this is a great introduction – even if you're not – this is a great experience!
- Participants will learn:
 - Team-working, team-building and leadership skills
 - How to run large scale projects
 - How to manage risk and crises in an engineering context
- Every participant will receive a certificate of attendance and achievement
- Individual final year students can apply or university engineering faculties can express interest on behalf of their students
- There will be challenging tasks for students working in teams - with prizes!

Royal Navy Undergraduate Engineering Experience 2009

The engineering event that's got everyone talking!

Who can apply:

This highly prestigious event is open to students studying for a UK accredited engineering degree and fulfilling the citizenship criteria. Preferably participants will be in final year and in line for a 2:1 or on a Masters programme.

What you will do:

The RN Engineering Experience is a two-and-a-half day residential event. Participating students will have the opportunity to experience RN engineering projects first hand, learn a lot about project management and have loads of fun! You will also experience a ship visit at HMNB Portsmouth.

It is FREE:

This will be a unique career developing Engineering Experience. And even better news – it's FREE, travel expenses will be reimbursed and the RN will provide all accommodation.

Meet top Royal Navy personnel:

You will get the opportunity to meet and talk with senior Royal Navy personnel, plus you will get a Certificate to show that you attended this prestigious event.

When and where:

This event will be hosted at HMS Collingwood, Fareham, and at the HMNB, Portsmouth and is residential over two-and-a-half days as follows:

March 30 – Day 1 – arrive 16.00

March 31 – Day 2- Engineering Experience

April 1 – Day 3, Engineering Experience, depart 16.00

Who should apply?

- Bright, enthusiastic, personable, motivated engineering students
- Final year students in line for a 2:1 (those on a Masters programme can also apply)
- Any UK accredited engineering degree
- Interested in a career in engineering
- Applications are open to students who are either British, dual British/Commonwealth or Republic of Ireland citizens.

How to apply:

If you are interested in applying, please email: prcardwell@learningdynamics.co.uk

**Please express your interest and ask for an application form now now!
