15:30 Close of event

## The Higher Education Academy

#### Introduction

The national body for learning and teaching in UK higher education

Works in partnership with institutions and sector bodies

Focused on the student learning experience, and work to enhance the **quality** of that experience.

#### HEA ESD Strategic Aim

"To make a leading contribution to evidenceinformed development of ESD policy and practice across the HE sector."

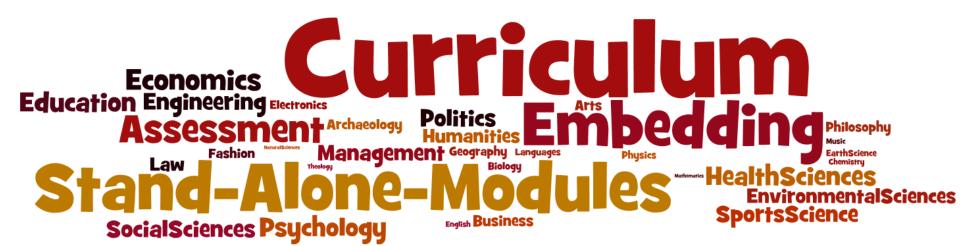

**ESD** 

#### "Education for Sustainable Development

allows every human being to acquire the knowledge, skills, attitudes and values necessary to shape a sustainable future"

(UNESCO)

## Green Academy I

## Green Academy II

## Outcomes of Green Academy

- The focus on the positive nature of the 'challenges', not the traditional negativity of sustainability 'problems'
- Recognition of the difficulty of tackling sustainability through traditional pedagogy – the need to work collaboratively and imaginatively (e.g. through wicked problems)
- Importance of engaging students as change agents and central to the whole process
- The importance and value of a collegial approach focused on knowledge and practice sharing, driven by friendly competition

Delivering for a Sustainable Wales

# INSPIRE

Sefydliad Arfer Cynaliadwy, Arloesi ac Effeithlonrwydd Adnoddau The Institute for Sustainable Practice, Innovation and Resource Effectiveness

#### A partnership between

# The Key Outcome of Green Academy

The importance and value to ESD in HE of a collegial approach focused on knowledge, evidence, and practice sharing, driven by friendly competition

# Students'

# Green Fund

# Summary

- Sector body drivers
- Student demand

Funding streams

• Partnerships & innovation
