Completed application forms should be returned to: Recruitment & Outreach, George Thomas Building (37), Room 4113, University of Southampton, Southampton so17 1BJ Deadline for applications: 22 January 2016

A. Rules for University visits (if applicable)

Students are expected to follow a code of conduct. If successful applicants will be sent this in the welcome pack.

B. Recording of outreach activities

The University will be taking photographs of the various outreach activities it runs. We would like to be able to use the photographs taken (which would include photographs of the student) in our marketing materials, including our website, newsletters and other marketing publications. We may also provide the photograph to local/national newspapers and magazines for possible publication. The University will not identify the student by name in these publications. The photographs taken may also be placed on a disc and copies of the disc may be sent to all participants and/or other third parties after the event.

The University will own the copyright or have obtained a copyright licence in the photographs produced and will own or have a licence to other intellectual property rights in any goods created, produced, manufactured, or distributed by or on behalf of the University which arise from the recordings made. The University will have a free and unlimited right to use or modify these photographs for marketing purposes in any format or medium.

C. Data Protection Statement

Student data will be stored on a database in accordance with the Data Protection Act and used to administer participation in the project. For research and monitoring purposes only, this data may also be shared with the Higher Education Funding Council for England (HEFCE), Higher Education Statistics Agency or the University and Colleges Admissions Service (UCAS) and the University of

Kent as part of the Higher Education
Access Tracker service, and the National
Data Service to help evaluate the
effectiveness of this activity as part of the
government policy to widen participation
in higher education and to develop future
policy. The project and its partners will
not use your record in way that would
affect you individually. We will not release
data to anyone who is unauthorised.

The data controller for the purposes of the Data Protection Act 1998 is the University of Southampton. Under the Act you have the right to a copy of the data held about you by us, for a small fee. If you have any concerns about the use of data for these purposes or would like a copy of the data you have supplied directly to us, requests should be made in writing to the outreach team.

BM6 RESIDENTIAL

The University of Southampton is running a 3-day residential designed to increase students' knowledge of the role of doctors and the training they undergo. The residential will provide opportunities to develop interpersonal skills, increase awareness of the undergraduate medical student experience and to support students in their application to study Medicine.

4-6 April 2016

What is BM6

The BM6 programme aims to widen access into the medical profession. It involves studying for an extra year on a specially designed year o. The BM6 offers small group teaching, extensive tutorials and pastoral support. Year o aims to support students to progress to year 1 and study alongside BM5 students on the BM5 medical degree programme. If you are interested in studying medicine at university but lack the grades needed for the BM5 due to external/social circumstances then BM6 could be for you.

Why should I apply for the BM6 Residential?

Whilst this residential experience does not guarantee you a place on the BM6 programme it will hopefully prepare you for applying to any widening access to medicine programme. All costs relating to this residential will be met by the University of Southampton, including accommodation, food and activities. The University will also cover travel expenses of up to a maximum of £50 (total).

BM6 Residential programme includes:

Allocated a student mentor.

Clinical skills and other topical sessions.

A day of activities at the University Hospital Southampton.

Sessions on student finance, UKCAT and writing your application.

Staying in student accommodation.

Evening activities.

Am I eligible?

This opportunity is aimed at students in year 12 who want to study Medicine at university, but will need to apply through a widening access programme. In order to apply for the BM6 programme and the BM6 residential you will need to meet at least three of the following eligibility criteria:

- First generation to pursue Higher Education (not including siblings)
- Young people looked after by a Local Authority
- In receipt of a 16–19 bursary or similar grant
- Parents, carer or self in receipt of a means-tested bursary
- In receipt of free school meals at any point in Year 10-13.
- Living in an area with a postcode which falls within the lowest 20 per cent of Index of Multiple Deprivation (please check here: http://tools.npeu.ox.ac.uk/imd/).
 Authenticated by the University. Or part of the travelling community
