

New to teaching in the UK?

Overseas primary teacher training programme

Tuesday 30th August – Thursday 1st September 2016

“Our purpose is to help primary teachers new to the UK develop their awareness of key current issues and practices in UK education.”

Join us for a three-day summer programme of interactive workshops focusing on key themes vital to teachers new to the UK education system and building on their own experiences in their home country.

Key elements have been chosen through discussions with teaching colleagues and headteachers who have worked with teachers from overseas. Sessions will provide an overview of key themes, an introduction to the area and then signpost those attending to freely available sources of further information for further independent study.

To book Email: mslc@soton.ac.uk Phone: 02380598810 Fax: 02380598811

Overseas teacher training programme.

The programme will be delivered by experienced primary ITE tutors from the University of Southampton and delivered in our purpose-built professional development facilities.

Suitable for: Overseas-qualified primary teachers teaching in England in 2016_17

Fee: £480, including refreshments and lunch and dinner on Tuesday evening.

Deadline: Please booking by 15th July 2016

To book Email: mslc@soton.ac.uk Phone: 02380598810 Fax: 02380598811
