

Learn to teach Python at KS3

1 day course for non-specialists

Monday 2nd October 2017, 9.00am – 16:00

The course will take Python beginners with no previous experience of programming to confidently deliver Python at KS3. The programme will provide the resources that can be used to deliver a structured course as a half term (6 lesson) unit in KS3.

By the end of the day you will be confident with:

- PRINT
- INPUT
- IF (selection)
- managing LISTS

You will also be given the resources to use and understand LOOPS and their application.

Course fee £95 per person

Includes lunch, refreshments and course materials.
