

Careers and Employability Service
Additional resources and information for
Medicine

Welcome:

We have developed this recourse pack to help you research specific job sectors which may be of particular interest to Medicine students.

- [Prospects.ac.uk](https://prospect.ac.uk) - Options with Medicine

The Prospects site includes information and advice covering: Your skills, job options, career areas, further study, what next, case studies, contacts and job search sites.

- [The General Medical Council](https://www.gmc-uk.org) – Careers & Professional Development

Whatever your needs, the GMC offers history advice and development opportunities suitable for you and provides insight in to a range of medical related career options.

- [NHS Careers](https://www.nhs.uk/careers) – careers information on over 350 roles within the NHS

Providing insight in to skills and qualifications to help plan your future within the NHS.

- [NHS Medical Careers](https://www.nhs.uk/medical-careers) – career planning information and resources

Proving a four step planning guide to choose your future career track within the NHS from being a med student through to post graduation training and becoming a specialist in a chosen area.

The Foundation Programme:

This two-year generic training programme forms the bridge between medical school and specialist/general practice training and is usually undertaken immediately after graduation from your med school programme (e.g. BM4, BM5 or BM6). The NHS Foundation Programme Office (www.foundationprogramme.nhs.uk) provides information and support throughout the application process and features include an e-update for official news to be sent straight to your inbox.
