

Exemplar imaging/imaging related capabilities

- | | |
|---|---|
| <ul style="list-style-type: none">- National Crystallography Service- μ-VIS X-ray imaging Centre- Ultrasound and related signal processing- Sub-wavelength imaging & coherent X-ray | <ul style="list-style-type: none">- Orion Helium Ion Microscope & nano-characterisation- World's only biometric tunnel- LOFAR |
|---|---|

Exemplar activities with major interests in exploitation and/or development of imaging

- | | |
|--|---|
| <ul style="list-style-type: none">- Developmental Origins of Health and Development- Information: Signals, Images, Systems research group- Microsoft Institute for High Performance Computing- Computational Archaeology Centre | <ul style="list-style-type: none">- National Centre for Advanced Tribology at Southampton- NIH Respiratory Biomedical Research Unit- Institute for Life Sciences- Maritime Institute |
|--|---|

Major imaging exemplars across the University: capabilities and applications
