If there are any changes to the amount, date or frequency of your Direct Debit the University of Southampton will notify you to working days in advance of your account being debited or as otherwise agreed. If you request the University of Southampton to collect a payment, confirmation of the amount and date will be given to you at the time of the request

- If an error is made in the payment of your Direct Debit by the University of Southampton or your bank or building society, you are entitled to a full and immediate refund of the amount paid from your bank or building society
  - If you receive a refund you are not entitled to, you must pay it back when the University of Southampton asks you to
- You can cancel a Direct Debit at any time by simply contacting your bank or building society. Written confirmation may be required. Please also notify us.

## Supporting the University of Southampton

The University of Southampton combines academic excellence with an innovative and entrepreneurial approach to research, supporting a culture that engages and challenges our students in their pursuit of learning. Our bright and talented students are at the centre of some of today's most ground breaking research, continuing the amazing work of those before them and helping to maintain the University's successful reputation year on year. Great discoveries are made by those who are given the opportunity to succeed and there are still many breakthroughs left to be discovered by our students and researchers here at Southampton.

We hope that you are proud to be a graduate of Southampton and that the experiences you had as a student helped to shape a successful future upon leaving the University. Regular donations to support the University of Southampton are a fantastic opportunity for you to encourage and enable our students to be the best and brightest in their field regardless of their background or circumstances. With your support we are able to provide more scholarships and bursaries, improvements to student facilities and amazing experiences that help shape our students into the leaders of tomorrow.

By supporting one of the following you'll be helping us to make an even bigger impact for our students and your University.

#### **The Student Support Fund**

We believe that financial circumstances should never prevent talented and ambitious students, at any level of their education, from benefiting from a pioneering and world-leading education at the University of Southampton. To help recruit and retain the best and brightest students, the University is dedicated to helping provide financial assistance to students at undergraduate and postgraduate levels in a variety of subject areas. The University has also made a commitment to encouraging further study, in a variety of research areas, through the provision of scholarships geared toward supporting our ambitious cohort of postgraduate research students. These scholarships help our students to continue making the ground-breaking discoveries the University is known for; all of which have the potential to positively change the world for the better.

#### **The Student Experience Fund**

From attending the University of Southampton as a student yourself, you'll know first-hand how great experiences linked to your education play a pivotal role in shaping who you will become after graduation. Some of your most cherished memories will be formed out of those experiences and we want our current and future students to share a similar connection to the University. The Student Experience Fund exists to provide support for student-led

projects, improvements to student facilities and equipment including the University's many libraries, and support for the University's student clubs and societies such as our ENACTUS student enterprise society and our Formula Student team. Through participating in experiences that extend beyond their education, our students are given the opportunity to prepare for an ambitious and successful future.

#### The Vice-Chancellor's Fund

Through education, innovation, and research the University unlocks potential and provides opportunities that transform lives. In a world that is always changing, philanthropic support helps the University to respond to the greatest needs of our students and to take advantage of emerging opportunities as they become known to us, which is vitally important to our future success. In the past, this fund supported the launch of the University's Excel Placement Programme, now in its fourth year, which provides over 400 placement opportunities every year to our second and final year students. The fund has also supported projects such as the world-renowned Portus Field School in Rome and a new Astrodome within the discipline of Astronomy and Physics, helping to provide outreach and engagement opportunities to inspire the next generation of great thinkers.
