

Applying for postgraduate study

How to apply:

Applications for taught and research programmes are made using our online application form (https://studentrecords.soton.ac.uk/BNNRPROD/bzsksrch.P_Search).

Most programmes require additional supporting documentation to be submitted as part of the application process, these can be uploaded with the online application form. Decisions regarding admissions are not made until an application is considered as complete.

You will be sent an acknowledgement e-mail as soon as the University has received your application.

Further details of the application process, timelines and online tracking are explained below.

General entry requirements

To apply for postgraduate study you must satisfy the University's general entry requirements as well as any specific requirements for your chosen programme.

Specific programme entry requirements are set out in the Key Facts section for each programme. For details of our programmes, see our Taught Courses (www.southampton.ac.uk/postgraduate/pgstudy/programmes/) and Research Programmes (www.southampton.ac.uk/postgraduate/pgstudy/researchareas/).

As well as academic qualifications and practical experience, we look for evidence of your interest in the programme and an understanding of the rigorous demands of postgraduate study.

If you are an international student you will need to ensure that your academic and English language qualifications meet our entry requirements. Please check the International Students section (www.southampton.ac.uk/international) for further details.

Application deadline

There is no University deadline for applications for taught or research programmes, however some Academic Units may have their own application deadlines. Details are available in the Key Facts for each course or research programme.

You should apply as early as possible if you need to secure a UK visa or if you are applying for funding or sponsorship (see www.southampton.ac.uk/postgraduate/feesandfunding/).

Deadlines for research funding are usually at least six months in advance of the start date.

Guide to submitting your application

1. Identify the Programme(s) of Study that you wish to apply for. See Taught Courses and Research Programmes, Academic Units or Research Directory (www.southampton.ac.uk/research/researchdir/).
2. Check Application Requirements and programme Entry Requirements (see Taught Courses and Research Programmes or Academic Units).
3. Find programme via Programme Search page
4. Login or if new user create login ID
5. Fill in application details via application checklist
6. Upload supporting documents
7. Submit Application
8. Use online tracking to track progress of application.

Completing the online form

Guidance for completing the online application form is provided on each page of the form via the 'Help' text.

What happens next?

Once you have submitted your online application you should expect to receive an e-mail acknowledgement within three working days. This e-mail confirms that we have received your application in our student record system.

Once your application is on our system you can access the online tracking facility.

Application summary and online tracking

The application summary and online tracking can be accessed by following the link in the acknowledgement e-mail or by logging onto the online form and choosing the relevant application from the 'Processed Applications' list.

Requirement The description of an item or message

Received If you have submitted a document in support of an application requirement or a condition, the date at which the University has received it is indicated here.

Note If the Academic Unit wishes to convey further information it will appear here

If you have submitted the names of your referees they will also appear here

Status For application requirements and conditions this field indicates what action needs to be taken, if any.

Statuses

The following statuses are used as part of the online tracking:

Awaiting document from applicant
 Awaiting reference from referee
 Document received and accepted
 Document received and not accepted
 Awaiting replacement document
 Information sent to applicant

Application requirements

When you submit your online application you will see that the general application requirements for the programme of study are displayed in the online tracking. These requirements will have a status of:

- Awaiting document from applicant
- Awaiting reference from referee

These application requirements are the usual documents that are required in order for the Unit to be able to consider your application for a decision.

If you have uploaded documents that relate to these requirements then once they have been received in the student record system a received date will be populated.

We would normally expect to review any application requirements within two working days. Once we have received your supporting documentation we will update the status to either:

- Document received and accepted
- Document received and not accepted

If an application requirement is showing as ‘document received and not accepted’ you will need to provide new documentation to support this requirement. You will normally receive an e-mail confirming that the document has not been accepted, once this e-mail is sent the status will change to ‘Awaiting replacement document’

If you are unsure what you need to provide please contact your Academic Unit. Contact details can be found on each course page.

Awaiting document from applicant

If we have not received supporting documentation within 2 working days of your application being submitted then you will receive an e-mail listing the documents that are still outstanding. An item confirming that an e-mail has been sent to you will also be added to the online tracking:

Requirements		
Requirement	Received Note	Status
OD1 Documentation Outstanding		Information sent to applicant

A follow up e-mail will be sent after 14 days:

Requirements		
Requirement	Received Note	Status
OD2 Documentation Outstanding		Information sent to applicant
OD1 Documentation Outstanding		Information sent to applicant

If we still have not received your supporting documentation after 30 days then your application will be withdrawn and you will receive a final e-mail and message:

Requirements		
Requirement	Received Note	Status
WD1 Application Withdrawn		Information sent to applicant
OD2 Documentation Outstanding		Information sent to applicant
OD1 Documentation Outstanding		Information sent to applicant

If you are unable to provide the documents within the 30 day period please contact your Academic Unit.

Other submitted documents

We do not normally acknowledge uploaded supporting documents that are not application requirements.

Decision made

Once a decision on your application has been made a ‘decision made’ item will appear on your tracking.

Requirements			
Requirement	Received	Note	Status
Decision Made			
Application Complete			
OD1 Documentation Outstanding			Information sent to applicant

You should expect to receive an official letter confirming the decision.

The decision will either be:

- Conditional Offer
- Unconditional Offer
- Unsuccessful
- Application Withdrawn

Conditional Offer

If the decision is a conditional offer then your Academic Unit may choose to use the online tracking to display the outstanding conditions. This will enable you to track your conditions and the supporting documentation that you submit.

As with the application requirements your conditions will initially be recorded as ‘Awaiting Documentation from Applicant’. When documentation is received the condition status will be updated to either:

- Document received and accepted
- Document received and not accepted

Reply to Offer

Once an offer has been made you will be sent an offer letter with a ‘reply to offer’ form, you have 60 days in which to reply. You should return this form as soon as possible to confirm that you accept the offer.

If you do not reply within 30 days a reminder e-mail will be sent and a code inserted in the online tracking:

Requirements		
Requirement	Received Note	Status
DM01 Offer Outstanding 30 Days		Information sent to applicant
Decision Made		

You will be sent a second reminder after another 20 days and then finally your application will be withdrawn after the full 60 days, you will receive an e-mail and a notification in the online tracking:

Requirements		
Requirement	Received Note	Status
WD2 Application Withdrawn		Information sent to applicant
DM02 Offer Outstanding 50 Days		Information sent to applicant
DM01 Offer Outstanding 30 Days		Information sent to applicant
Decision Made		

If you are unsure about replying to your offer please contact your Academic Unit for advice.
