Tuition fees can increase each year so please read the following carefully and refer to the fees section of the University web page at [Undergraduate tuition fees | University of Southampton](#) for undergraduates or [Postgraduate tuition fees | University of Southampton](#) for postgraduates.

Enrolment to the University incurs a liability to pay tuition fees. The University accepts payment by various methods, although students are encouraged to pay fees online before arriving in Southampton, via the student's secure personal site. Once enrolled, all students can access their personal secure financial site via the SUSSED portal. **We do not accept cash payments.**

Third parties paying the **personal element** of fees on behalf of a student can also make payment at www.southampton.ac.uk/finance/services/make-payments.page.

Failure to pay tuition fees as per the University's regulations will result in your Head of Academic Unit being notified. Non-payment of tuition fees will mean the immediate removal of library, computer and other facilities, your exclusion from classes and lectures, and eventually result in termination from University candidature. Any such debts will then be pursued by referral to an outside collection agency. Regulations may vary for those programmes with non-standard commencement dates.

It is anticipated that the full annual tuition fee charge for the 2023/24 session will show on students' personal financial accounts in September 2023, and/or within 2 working days after enrolment has been completed. Payment should still be made if the charge is not showing on the account within this timescale.

Postgraduate research students commencing studies later than 1st November 2023 will be charged tuition fees pro rata for the first year. Tuition fees are due in full within 7 days of the start of their course, but some payment plans are also available as listed below:

- PGR students starting between 1st November 2023 and 1st January 2024 can pay in three payments of 34% upon enrolment, 33% on 8th January 2024 and 33% on 22nd April 2024.
- PGR students starting from 1st January 2024 to 22nd April 2024 can pay in two equal instalments 50% upon enrolment & 50% on 22nd April 2024.

- PGR students starting after 22nd April 2024 should make full payment upon enrolment.

Subsequent year's fees will be due at the start of term one every year.

Fees are calculated on a monthly pro rata basis within the academic session. Students who withdraw suspend or transfer to Nominal part way through a month will be charged full fees for that month.

At the start of nominal registration a single fee of **£250** is payable.

Taught programmes starting in January /February 2024: Tuition fees are due in full by 6th February 2024. If tuition fees are not paid in full the following rule applies:

34% on 6th February 2024, 33% on 1st April 2024 & 33% on 1st May 2024.

A full year's tuition fee is charged and payable every year of all taught courses.

Where Tuition Fees (or portion of fees) are paid by other sources

Students with funding from other sources e.g. Research Council, employer, foreign Embassy/Government etc. are required to provide the University with a copy of their official letter of sponsorship. All students should carefully check their sponsor details when they enrol and, if they are incorrect, should complete the Fees Office sponsorship notification form SP1 available from
<http://www.southampton.ac.uk/uni-life/fees-funding/paying-your-fees.page>.

Please note that failure to return the SP1 form by 30th September will result in students being asked to pay the full tuition fee. The SP1 or any official sponsor letter should be emailed to sponfee@soton.ac.uk.

Tuition fees paid by Research Councils or the SLC are paid in accordance with government guidelines. All other sponsors will receive an invoice, which is to be paid within 30 days of date of invoice.
