<b>Final Award</b>	Doctor of Health Psychology Research and Professional Practice
<b>Exit Award</b>	Master of Philosophy
<b>Programme(s)</b>	PhD Health Psychology Research and Professional Practice ( <i>final intake 2017/18</i> )
<b>Last modified</b>	June 2019

The Academic Regulations which are detailed in Section V: [Regulations for Research Degrees and Higher Doctorates](#), and Section IV: [General Information and Regulations](#) of the Calendar, apply to and regulate the programme(s) listed above.

On occasion, programmes can be exempted from one or more of the clauses in the Regulations; one or more of the clauses can be varied; and programmes can impose additional requirements.

- Exemptions are characterised by the omission of the relevant clause.
- Variations are characterised by the replacement of the clause with alternative wording.
- Additions are characterised by requirements in addition to those detailed in the Academic regulations.

The programmes listed have approval from the Academic Quality and Standards Committee for the **exemptions** and/or **variations** and/or **additions** to the regulations noted below.

#### **Exemptions:**

The clause(s) listed below describe where an exemption to the Regulations exists:

*None apply*

1. *Aegrotat awards are not conferred for this programme, as they would not provide eligibility to apply to the Health and Care Professions Council (HCPC) for registration as a Health Psychologist.*

#### **Variations:**

*None apply*

#### **Additional requirements:**

1. *Admission to and continuation on your programme is subject to consideration of any criminal convictions. The programme is exempt from the Rehabilitation of Offenders Act [1986]. All students are required to inform the Faculty of all criminal convictions both prior to and throughout their period of enrolment. All students will be subject to an enhanced Disclosure and Barring Service (DBS) check.*
2. *Continuation on your programme is subject to specific health requirements (consistent with the provisions of the Equality Act [2010]). Students are required to inform the Faculty of any health problems, throughout their period of enrolment, relevant to their future employment as a professional.*

**These regulations should be read in conjunction with the doctoral programme profile.**

#### **Disclaimer:**

As a research-led University, we undertake a continuous review of our programmes to ensure quality enhancement and to manage our resources. As a result, these regulations may be revised during a student's period of registration, however, any revision will be balanced against the

requirement that the student should receive the educational service expected. Please read our [Disclaimer](#) to see why, when and how changes may be made to a student's programme.
