<b>Last modified</b>	June 2022

The Academic Regulations which are detailed in Section IV, [General Information and Regulations](#) of the [University Calendar](#) apply to and regulate the programme(s) listed above.

On occasion, programmes can be exempted from one or more of the clauses in the Regulations; one or more of the clauses can be varied; and programmes can impose additional requirements.

- Exemptions are characterised by the omission of the relevant clause.
- Variations are characterised by the replacement of the clause with alternative wording.
- Additions are characterised by requirements in addition to those detailed in the Academic regulations.

The programmes listed have approval from the Academic Quality and Standards Committee for the **exemptions** and/or **variations** and/or **additions** to the regulations noted below.

**Exemptions:**

The clause(s) listed below describe where an exemption to the Regulations exists.

It is not possible to Refer in or Repeat the compulsory period abroad. That Part of the programme is therefore exempt from clauses 4.2, 5.3 and 5.4 of the [Progression, Determination and Classification of Results: Undergraduate and Integrated Masters Programmes](#). Students will be required to complete or repeat outstanding or missing assessments as necessary.

An Internal Repeat is not possible for the Independent Study Module, the assessments for LANG3009, and additional Southampton modules. These modules are exempt from clause 5.3 of the [Progression, Determination and Classification of Results: Undergraduate and Integrated Masters Programmes](#).

**Variations:**

The clause(s) listed below describe where a variation to the Regulations exists:

Existing University Regulation		Approved Variation
3.2	<p><a href="#">Progression, Determination and Classification of Results: Undergraduate and Integrated Masters Programmes</a> Some Parts of some programmes may in addition require a student to achieve an Average Mark for the Part which is greater than the University standard Average Mark for a Part. Details will be given in the relevant programme regulations in the Calendar and will be subject to annual review by AQSC. Regulations relating to Referral and Repeat to achieve an Average Mark for the Part which is greater than the Module Pass Mark are given in Section 6.</p>	<p>In order to progress to the next part of the programme, students will need to attain an overall average mark of 55 in Part II.</p>

**Additional Requirements:**

The clause(s) listed below are in addition to the Regulations.

None apply

**These regulations should be read in conjunction with the programme specification.**

**Disclaimer:**

As a research-led University, we undertake a continuous review of our programmes to ensure quality enhancement and to manage our resources. As a result, these regulations may be revised during a student's period of registration, however, any revision will be balanced against the requirement that the student should receive the educational service expected. Please read our [Disclaimer](#) to see why, when and how changes may be made to a student's programme.
