Careers and Employability Service

What Can I Do With My Degree?

Acoustical Engineering
Introduction

This resource is designed for you to discover what you can do with your degree. It contains information on:

- **Skills gained through your degree** - useful in career decision-making and when applying for graduate jobs
- **Overview of the main career areas with your degree** - to help you understand what other students with your degree have gone on to do
- **Links to selected relevant professional bodies and associations** - to help you understand the sector and also provide advice and information
- **Finding opportunities** - including finding jobs and internships, volunteering opportunities, specialist recruitment agencies.
- **Further study** - professional qualifications and programmes aligned to your first degree

Skills gained through your degree

In a competitive graduate labour market, it is important that you are able to demonstrate the key skills that you have developed through your degree programme.

Reflecting upon the skills you have gained and your skill strengths can also be helpful in career decision making. The following resources can help you to understand the skills gained from your degree.

**Prospects**

**Understanding your skills**

**Your course learning outcomes** - Your course modules contain aims and learning outcomes. These are useful in assisting you to recognise and reflect upon the skills developed during your studies.

Overview of the main career areas with your degree

**Prospects**

**TargetJobs**

**National Careers Service**

Links to selected professional bodies and associations

**Chartered Institute of Logistics and Transport**
Chartered Institution of Highways and Transportation
Engineering UK
IEEE. They also have a UoS student branch
Institute of Acoustics
Institute of Highway Engineers
Institute of Marine Engineering, Science and Technology
Institute of Physics and Engineering in Medicine
Institution of Civil Engineers
Institution of Engineering Designers
Institution of Engineering and Technology
Institution of Mechanical Engineers (IMechE)
Institution of Structural Engineers
Royal Aeronautical Society (RAeS)
Royal Institution of Naval Architects
The Engineer
The Engineering Council

Finding relevant opportunities

This section suggests selected sources of opportunities that are most closely linked to your degree. Remember though, that students studying your subject can enter a much wider range of career options.

Volunteering is a popular and well-trodden path to building up relevant skills and experience in a wide range of career options most closely aligned to your degree:

Do It – searchable database
Volunteering England – General opportunities and advice
IMechE scholarships and awards
FISITA Travel Bursary Programme
Further study

Prospects - Search postgraduate courses, advice and funding information

Target Postgrad - advice and information on postgraduate study

Careers Service - includes information on Law, Teaching and Medicine

The Knowledge Transfer Partnership scheme (KTP)

The Engineering and Physical Sciences Research Council

Science & Technology Facilities Council

University of Southampton bursaries for existing students. Also offers postgraduate opportunities in the Faculty of Engineering and the Environment.
