HEAR FROM OUR STUDENTS

"My course offered a study exchange program, which most other universities didn't offer. I also read about the industry standard equipment that WSA had to offer which was a major pull factor.

I enjoyed the opportunity to experiment and determine a specialism that you wanted to pursue. I enjoyed the studio culture I built with other motion design students.

I studied abroad, which was a once in a lifetime experience that has helped shape me as a designer and opened my perspective."

"In Fine Art we are offered so many opportunities to go on trips, at least once a semester we take a trip to London for a gallery day. And depending on which pathway you choose there are always trips and projects curated to your chosen path."

"My tips for an Open Day are to make sure you write down a list of questions (for staff and students that you'll meet), take photos and walk around - either in a tour group or by yourself, it's a good way to learn the space!"
