Postgraduate Research Examining Team: Guidance for Faculties

1. Overview

1.1 The expectations with regard to the postgraduate research examination process are set out in the Regulations for Research Degrees [the “Regulations”] and the Code of Practice for Research Degree Candidature and Supervision [the “Code of Practice”].

1.2 Research students will normally be examined by one external and one internal examiner. In exceptional circumstances, one additional external examiner may be appointed. However, and for research students who are members of staff of the University of Southampton, two external examiners and one internal examiner must be appointed. For this purpose, the definition of a member of staff is as set down in the Regulations for Members of Staff in Candidature for the degree of Doctor of Philosophy.

1.3 Research students in candidature for degrees which contain a significant taught element (e.g. professional doctorates or integrated PhDs) will require separate examiners for the taught and research components. External examiners must be appointed for the taught element in accordance with the University’s policies and procedures regarding the appointment, role and responsibilities of external examiners for taught programmes. This examiner may serve as an external examiner for a cohort of students for the taught component. An individual student should not be examined in their taught and research component by the same external examiner.

1.4 The examiners are responsible for conducting the assessment of the student’s submission in accordance with the Regulations and the Code of Practice.

1.5 The examiners’ responsibilities do not end with the submission of their joint report and recommendation. Responsibilities also include the
subsequent assessment and certification of further work required of the student and/or attendance at any additional *viva voce* and, unless otherwise permitted, the same examining team should be retained throughout the examination process. Advice should be sought from the Quality, Standards and Accreditation Team (QSAT) should a situation arise that would suggest that a change to any member of the appointed examining team is required. Any subsequent proposal must be accompanied by a clear rationale for change which will be considered by the Postgraduate Research Quality Monitoring and Enhancement Subcommittee (PGR QME Subcommittee).

2. **Nomination and Appointment of the Examining Team**

2.1 Examiners should be nominated and appointed in accordance with the criteria set down in the Code of Practice.

2.2 In order to ensure externality and quality assurance of choices made and justifications provided, all examinations’ nominations should be approved by the Faculty Director of the Graduate School in their capacity as Chair of Faculty Graduate School Subcommittee (or a (sole and named) deputy who must be a member of the Faculty Graduate School directorate). Alternatively, the Faculty Director of the Graduate School may choose to refer the nomination to the Faculty Graduate School Subcommittee for its consideration.

2.3 Following approval of the nominees, the Doctoral College (Faculty) Team will issue a letter of appointment to the external examiner, including the [AP07 Bank Information form](#) and the [AP08 External Examiner (PGR and PGT only) Claim for Fees and Expenses form](#).

3. **The Chair and the Independent Chair**

3.1 The *viva voce* will be chaired by the internal examiner or by an Independent Chair appointed by the Faculty Director of the Graduate School for this purpose.

3.2 An Independent Chair must be appointed by the Faculty Director of the Graduate School (in their capacity as Chair of Faculty Graduate School
Subcommittee) in the circumstances set down in the Code of Practice
which also sets down the eligibility and criteria for appointment.

3.3 The Independent Chair is not a member of the examining team and does
not take any part in the judgement or the student. As such, the
Independent Chair is not provided with a copy of the student's
submission.

3.4 The Independent Chair is required to provide a written report to the
Faculty Director of the Graduate School immediately following the
examination. Should there be any reported concerns, the Faculty
Director of the Graduate School (or their nominee) should take steps to
engage the examiners in discussion with a view to satisfactorily
resolving the matter. A record of all discussions should be made and
retained with the examination documentation.

3.5 The Independent Chair is not provided with a copy of the thesis and
does not take any part in its judgement.

4. External Examiners' Fees and Expenses

4.1 Approved by the Vice-President (Research and Enterprise) and reported
to the Research and Enterprise Executive Group (REEG) in March 2023,
fees for postgraduate research external examiners will, from 23 March
2023 be paid at the following rates:

4.1.1 Doctor of Philosophy, Doctor of Medicine, Doctor of Clinical
Psychology, Doctor of Educational Psychology
Fee: £200.00

The External Examiner is required to undertake an initial
assessment of a <75,000-word thesis (or as per the requirements
set down in the DClinPsych and DEdPsych programme
specifications) and to prepare an independent report, in advance
of attending the viva voce (in which the student's thesis and their
performance is assessed) and agreeing a joint recommendation.
The fee covers any subsequent assessment by the external
examiner of modest amendments to the thesis.

4.1.2 Master of Philosophy
Fee: £150.00
The external examiner is required to undertake an initial assessment of a <50,000-word thesis and to prepare an independent report, in advance of attending the *viva voce* (in which the student's thesis and their performance is assessed) and agreeing a joint recommendation. The fee covers any subsequent assessment by the external examiner of modest amendments to the thesis.

4.1.3 **Re-examination following resubmission of a revised thesis for the same degree**

**Fee:** the external examiner should receive a repeat fee equal to the sum originally paid

This fee applies in circumstances where, as per the Regulations, the student is required to resubmit a revised thesis for the same degree for re-examination (including attendance at an additional *viva voce*) on one subsequent occasion. The external examiner is required to undertake an initial assessment of the revised thesis and to prepare an independent report, in advance of attending the *viva voce* (in which the student's revised thesis and their performance is assessed) and agreeing a joint recommendation.

4.1.4 **Additional *viva voce* following the student’s original examination**

**Fee:** £150.00

Students are required to satisfy the examiners in their thesis and in their performance at the *viva voce*. An additional fee should be paid to the external examiner in those circumstances where, as per the Regulations, the student is required to attend an additional *viva voce* within three months of the date of the original examination.

4.1.5 **Higher Doctorate**

**Fee:** £200.00

Two external examiners are appointed to assess the applicant’s submission which consists of a selection of publications which are noted as having made an original, substantial and
authoritative contribution to knowledge in the applicant’s field of study. Examiners are required to undertake an initial assessment and to prepare an independent report before meeting with the internal examiner to make a joint recommendation. The examiners can require the applicant to attend a viva voce or prepare further work if they consider it necessary.

4.2 External examiners can reclaim the costs of travelling or out of pocket expenses where they were agreed by the University of Southampton in advance of the expenditure being incurred. All travelling and out of pocket expenses must be in line with the University’s Financial Regulations, Policies and Procedures. Information on common areas of spend relating to travel and expenses is available on the allowable expenses page. In includes guidance about the information, original itemised receipts and supporting documents required when making a claim. The Travel and expenses guidance for Non-University personnel (visitors) covers common areas of expenses.

4.3 To make a claim for fees and expenses, the external examiner will need to complete the AP07 Bank Information form and the AP08 External Examiner (PGR and PGT only) Claim for Fees and Expenses form. Both forms should be returned to the Doctoral College (Faculty) Team following the viva voce.

4.4 The Doctoral College (Faculty) Team will check that
- the AP07 Bank Information form has been fully completed; and
- the claim detailed on the AP08 External Examiner (PGR and PGT only) Claim for Fees and Expenses form has been calculated correctly.

4.5 The Doctoral College (Faculty) Team will then arrange for the budget holder declaration to be completed and passed to the Faculty Finance Team for financial approval.

4.6 Once all declarations are complete, both forms can be submitted to Accounts Payable to process for payment.
