ABOUT SOUTHAMPTON

Our people are making discoveries,
pushing boundaries, and working at the
edge of human knowledge, focusing on:

- + AI and data science
- + Sustainability and resilience
- + Engineering better health
- + Decarbonisation

Students will be immersed in an
environment enriched by our research,
experts and connections across the
world.

WORLD-CLASS FACILITIES

- + Incredible facilities support our world-leading research
- + We invest millions in our research facilities, to ensure our students, staff and collaborators have access to the best equipment
- + Knowledge transfer is at the heart of our teaching

Unique waterfront campus
at a **world-renowned
research centre** for
marine and geosciences

State-of-the-art
**FinLab
trading room**

One of **the largest
anechoic chambers**
in any UK university

**360-degree
immersive AV centre**
in our Digital
Humanities facility

**Wind tunnel
complex**, used by
Formula One and
Olympic athletes

**£3m
purpose-built
archaeology
labs**

INVESTING IN THE FUTURE

We are investing £600m in our campuses to make sure students have a fantastic experience.

- + We have expanded into the heart of the city with our City Centre Campus
- + A new home for our Business School
- + Construction underway for our newest development, designed with sustainability and inclusivity at the core
- + Study spaces to cater for individual learning needs, neurodiversity and accessibility
- + Jubilee Sports Centre extension
- + Northeast Quadrant
- + Net zero carbon emissions by 2030

Our students' voice is central to the University's decision making, they're consulted at early stages of major projects

Recently completed £40 million extension
