

Addendum to the Programme Specification

8629 BSc Audiology

This Addendum has been produced to highlight the key changes made to the existing Programme Specification as a result of the University's response to the Covid-19 Pandemic. You should read it in conjunction with the relevant Programme Specification from the year you started your programme.

University level information

In view of COVID-19, the University has had to make changes to some elements of programme delivery for 2020-21. These changes have included the method of delivery, such as face-to-face and online, and the number of modules available.

The University aims to provide as much of a face-to-face component to your education as prevailing conditions at the time allow, combined with its new blended approach that will develop active independent and group online learning.

As the COVID-19 pandemic develops, the University's response to this and other issues may likewise need to evolve. The University will consult with student representatives as necessary and appropriate and will communicate changes to you as soon as practicable so that you have the information you need to understand how a change may impact you and what steps you need to take next. The University remains committed to supporting you as you learn.

Programme Information

In light of Covid-19, there will be a change to how some group work tasks will be organised. Group practical teaching and assessment of practical skills remains a mandatory part of the programme but will be offered in line with current social distancing and local and international guidelines.

The practical modules AUDI1011 and AUDI2010 will be scheduled to allow for small groups and appropriate social distancing when using the facilities. PPE will be available for use where appropriate.

Programme Structure

Where optional modules have been specified, the following is an indicative list of available optional modules, which are subject to change each academic year. Please note that, in some instances, modules have limited spaces available.

For details of the individual courses please click on the appropriate hyperlink to navigate to the course catalogue and schedule pages.
