Addendum to the Programme Specification

8346 MSc Advanced Clinical Practice (PT)
8347 MSc Advanced Clinical Practice (Advanced Allied Health Practitioner)
8348 MSc Advanced Clinical Practice (Advanced Critical Care Practitioner)
8349 MSc Advanced Clinical Practice (Advanced Neonatal Nurse Practitioner)
8350 MSc Advanced Clinical Practice (Advanced Nurse Practitioner)

This Addendum has been produced to highlight the key changes made to the existing Programme Specification as a result of the University's response to the Covid-19 Pandemic. You should read it in conjunction with the relevant Programme Specification from the year you started your programme.

Programme Specification for entry in 2020-21
Programme Specification for entry in 2019-20
Programme Specification for entry in 2018-19
Programme Specification for entry in 2017-18

University level information

In view of COVID-19, the University has had to make changes to some elements of programme delivery for 2020-21. These changes have included the method of delivery, such as face-to-face and online, and the number of modules available.

The University aims to provide as much of a face-to-face component to your education as prevailing conditions at the time allow, combined with its new blended approach that will develop active independent and group online learning.

As the COVID-19 pandemic develops, the University's response to this and other issues may likewise need to evolve. The University will consult with student representatives as necessary and appropriate and will communicate changes to you as soon as practicable so that you have the information you need to understand how a change may impact you and what steps you need to take next. The University remains committed to supporting you as you learn.

Programme Information

In the light of Covid-19 and ongoing disruption within the Health Service, there may be changes to modules, such as those specifying placement and research activity in healthcare organisations. This may include the scheduling of module delivery.
