

Pre-Course Information

RYA Dinghy Sailing Level 3 - Better Sailing

What to Expect

This 2 day improver course seeks to bridge the gap between Start Sailing, Basic Skills, and the Advanced modules by offering an introduction to the different modules, allowing sailors to select more easily their preferred route within the sport. Better Sailing allows for opportunity to practice and consolidate sailing techniques, and experience some of the activities the Advanced modules have to offer, helping to build confidence and support development of good technique and independent sailing.

Additional module options are non-compulsory for completion of the Better Sailing course, but are designed to provide an introduction to the various aspects of sailing. Which elements are chosen should be discussed by the participant and instructor. Where practicable, students should be provided with the opportunity to sail different dinghies during the course, single and double-handers.
