Notes:

In X4, the higher grade (the latter grade) only applies to the following schools/departments for 2023 entry:

Southampton Law School (SLS)

Economics

Maths

Chemistry

Zepler

Electronics & Computer Sciences (ECS)

Note: Southampton Business School (SBS) is NOT accepting X4 for 2023 entry.

These requirements represent the standard entry criteria for our programmes. All applications are considered on the basis of the full submission, and so strong scores in relevant subjects, suitability of course studied will also be taken into consideration.

This represents the standard entry requirements for Southampton courses. It does not preclude specific requirements for example where contractual admissions agreements '4+1' and similar exist.

Our teaching and research activities are delivered across **five** faculties, each of which hosts several subject-specific schools and departments. For details on faculty structure, please visit <https://www.southampton.ac.uk/about/faculties-schools-departments>
